NASCAR WHELEN EURO SERIES

MARCH 31, 2014

GDL RACING ENTERS THE NASCAR EURO

GDL Racing team has extended its programs for the 2014 season as it announced to compete in the **Nascar Whelen Euro Series** this year.

The San Marino-based squad, in addition to its participation in the **VLN Championship**, the more prestigious endurance races – included **24 Hours of Nürburgring**, **Spa-Francorchamps** and **Dubai** -, **Belgian BRCC series**, **Targa Tricolore Porsche** and **Italian GT**, will enter the "European-American" championship lining up **two cars** since the Nürburgring race.

*"We're strongly motivated to make our debut in the Nascar Whelen Euro Series. – commented the GDL Racing's team manager **Gianluca De Lorenzi**, who will drive one of the cars – We aim to be competitive soon, although the level of the championship is very high, with 35 cars in the field so far. I'm also thrilled to drive a car without any kind of electrical help in a high-level championship. It reminds me the old Super Touring Car Championship.*
